Utah's Children's Justice Centers provide a child-friendly atmosphere designed to help children feel safe and comfortable while they are being interviewed regarding alleged abuse. Audio and video equipment is used to preserve the interview for evidence and eliminate the need for multiple interviews.

The Children's Justice Center coordinates:

- A comprehensive child and family interview process by trained professionals
- Audio/Video taped interviews in a child friendly environment
- Counseling and treatment referrals
- Case progress tracking

- Community and professional education on abuse issues
- Support and informational services for parents and guardians
- Case staffing by a team of professionals
